You have equipment you want to liquidate... We can HELP!

Turn your excess equipment into CASH

ERVIN auctions is our on-line auction service. Live auctions are expensive and time consuming, our on-line auction you leave all the busy work up to us and your equipment does not have to be brought to a auction yard location. Auctions are every Wednesday and we back up with print and web marketing nationwide.

Steps to place something on auction

- Send us pictures and inspections of the equipment
- Sign Auction Contract
- Send title to us (title must be clean and in hand before equipment will be put on auction)
- We place equipment on Auction
- Equipment sells
- Equipment is picked up by highest bidder
- We pay you for equipment minus commission and fees

Let our experience and connections work for you!

In an ever-changing market our expertise can be the difference between merely liquidating your equipment versus getting the maximum value out of your equipment. Our team and proven track record, gives you the Ervin edge.

Steps to Ervin marketing your equipment

- Equipment can be stored on your property or on one of our lots across the US
- Send us pictures and inspections of the equipment
- Send title to us (title must be clean and in hand before equipment will marketed)
- We will market to our extensive customer base and list digitally on the internet
- Equipment sells
- Equipment pick up by the buyer
- We pay you for equipment minus commission and fees
